Walk through the dining room into the living room and take a left. Take a left at the stairs and walk forward along the hallway next to the stairs. At the end of the hall take a right into the art room. Stop once you enter the room.

Native navmesh projection, 0.02 m/pixel; room labels from MP3D semantic annotations. *Art room is the instruction's name; MP3D labels this region 'bar'.

The solid path is the stored GT trajectory, not a model rollout or a newly computed shortest path. Axes use world x/-z, not geographic north.
